

# Above & Beyond

FULLY FURNISHED SHORT TERM RENTALS

## about us...

Thank you for looking over our homes. Our collection was started by a true love of real estate. We continue to search for unique and unusual properties throughout the lower mainland. All of our homes have been hand picked for their settings, always close to nature, whether it be waterfront, or high on a mountain with spectacular views and privacy in mind.

When Above & Beyond was first purchased, we had the vision that others would like to come and enjoy their own "home away from home", a place different from B & B's. A private venue where your group can stay, work and relax.

Now in our 8th season, we have been home to international groups, think tanks, relocations, and company housing. We are well known for hosting corporate getaways, that come to golf, fish and talk shop. Our professional staff, chefs and guiding services, create such an incredible experience which is now the basis of our repeat business. Our client list includes Fishing Canada, KWH Constructors, Finning Canada, First Truck Leavitt Machinery, and Vincor Wines, just to name a few.

With us....all things are possible! Let our team put together a package especially for you and your requirements.. so that you can do what it is you need to do.... and let us take care of the rest!

"there's a lot of good fishing trips out there.....but in my world very few can be called great ones. You see there's more to a truly great Fishing Adventure than the quality of the catch....in my world it's all about the total package, it starts with the accommodations and believe me there's none better than that little piece of heaven called SWAN LAKE RETREAT in Mission British Columbia. Here's my idea of the ultimate getaway....you've just spent 8 glorious hours of continuous brawling with the most magnificent freshwater warrior on the face of the planet, the White Sturgeon of the Frazer River ....at day's end you drag your battle worn bones back to where it all started this morning ....the SWAN HOUSE, truly one of the most inspiring getaways man could ever experience...I wouldn't dream of having it any other way...because my world is a very special place.....shouldn't yours be to?"

Angelo Viola Host of the FISH'N CANADA show.
